

Sharing Our Gifts
With The Community

About Us: We provide hands-on support to local non-profits to leverage their resources and make their fundraising, work session and collection efforts a success. We also provide an avenue for our members to make connections with other women working to improve our community. As a volunteer-run 501(c)(3) nonprofit organization, League members develop and refine leadership and organizational skills by serving on our board and committees that make the League a resource for the entire community.

Membership: Our service year starts in September and new members can join the League between August and October. Dues are \$65 for the year. We are open to women in the Chapel Hill area and surrounding communities.

What to expect: New members attend general membership meetings, held once a month from September through April. New members also attend a new member meeting once a month. Your new member year will be a year of discovering or rediscovering your community. It is designed to give you a broad overview of all the League has to offer, culminating in a special volunteer project led by the new member class.

Community Impact: We support many local non-profits in Chapel Hill and surrounding areas, including the Therapeutic Riding Center, Cinderella's Closet, Dress for Success, and so much more. Christmas House is our premier event that provides coats, toys and books for more than 800 children each year.
